NO. 4 CONSTITUTIONAL AMENDMENT ARTICLE II, SECTION 7 Referenda Required for Adoption and Amendment of Local Government Comprehensive Land Use Plans Establishes that before a local government may adopt a new comprehensive land use plan, or amend a comprehensive land use plan, the proposed plan or amendment shall be subject to vote of the electors of the local government by referendum, following preparation by the local planning agency, consideration by the governing body and notice. Provides definitions. The amendment's impact on local government expenditures cannot be estimated precisely. Local governments will incur additional costs due to the requirement to conduct referenda in order to adopt comprehensive plans or amendments thereto. The amount of such costs depends upon the frequency, timing and method of the referenda, and includes the costs of ballot preparation, election administration, and associated expenses. The impact on state government expenditures will be insignificant. ☐ YES ☐ NO	NO. 8 CONSTITUTIONAL AMENDMENT ARTICLE IX, SECTION 1 ARTICLE XII, SECTION 31 Revision of the Class Size Requirements for Public Schools The Florida Constitution currently limits the maximum number of students assigned to each teacher in public school classrooms in the following grade groupings: for prekindergarten through grade 3, 18 students; for grades 4 through 8, 22 students; and for grades 9 through 12, 25 students. Under this amendment, the current limits on the maximum number of students assigned to each teacher in public school classrooms would become limits on the average number of students assigned per class to each teacher, by specified grade grouping, in each public school. This amendment also adopts new limits on the maximum number of students assigned to each teacher in an individual classroom as follows: for prekindergarten through grade 3, 21 students; for grades 4 through 8, 27 students; and for grades 9 through 12, 30 students. This amendment specifies that class size limits do not apply to virtual classes, requires the Legislature to provide sufficient funds to maintain the average number of students required by this amendment, and schedules these revisions to take effect upon approval by the electors of this state and to operate retroactively to the beginning of the 2010-2011 school year. ☐ YES ☐ NO	Creation of New Charter Section "Citizens Process for Making Recommendations to the County Commission Shall the Brevard County Charter be amended to provide for a section entitled "Citizens Process for making Recommendations to the County Commission" to provide process which allows for citizens or organized groups to make recommendations to the County Commission with respect to the enhancement of County Government's effectiveness and efficiency, and require the County Commission to review and either accept, accept with modifications, or reject the recommendations within a specified time frame? ☐ YES FOR APPROVAL ☐ NO FOR REJECTION
