No. 2 Constitutional Amendment,
Article X, Section 29

Use of Marijuana for Debilitating Medical Conditions

Allows medical use of marijuana for individuals with debilitating medical conditions as determined by a licensed Florida physician. Allows caregivers to assist patients' medical use of marijuana. The Department of Health shall register and regulate centers that produce and distribute marijuana for medical purposes and shall issue identification cards to patients and caregivers. Applies only to Florida law. Does not immunize violations of federal law or any non-medical use, possession or production of marijuana.

Increased costs from this amendment to state and local governments cannot be determined. There will be additional regulatory costs and enforcement activities associated with the production, sale, use and possession of medical marijuana. Fees may offset some of the regulatory costs. Sales tax will likely apply to most purchases, resulting in a substantial increase in state and local government revenues that cannot be determined precisely. The impact on property tax revenues cannot be determined.
